## How You Can Help

At Sutter Health, all philanthropic gifts are applied locally. This gives donors the chance to see their contributions at work in their own communities. Throughout our facilities, staff is available to help donors align their giving interests with local needs.

If you would like to get involved in improving the availability and quality of services in your community, please contact us at 916-286-6826 or e-mail us at [philanthropy@sutterhealth.org](mailto:philanthropy@sutterhealth.org). We will connect you with a local staff member.
